- ☐ **Important Rate Information** The Renewable Grant Credit, which had previously appeared on your bill, was eliminated effective Jan. 1, 2016. The credit expired and was based on the Company's investment in the Rothschild renewable energy facility.
- ☐ **Important Rate Information** The Public Service Commission of Wisconsin approved a change in the Fuel Cost Adjustment (FCA) factor from a credit of \$.00058 per kWh to a credit of \$.00074 per kWh effective Jan. 1, 2016. The FCA credit is prorated based on the number of days in the billing period the credit was in effect, and whether you participated in the Energy for Tomorrow program.
- ☐ **Control Costs** Your next energy bill may be higher than recent bills. Colder weather and entertaining over the holidays causes higher energy use. Also, your billing period may be longer over the holidays resulting in a higher bill. Looking for energy saving ideas? Go to we-energies.com.
